

Edward Grassia, Chief Information Officer

(775) 789-3479

egrassia@washoeschools.net

Ed Grassia has been with the Washoe County School District since 2003, when he was hired as a Desktop Technician. He has spent the last 8 years with the District working in the Information Technology Department. He has worked as a Desktop Tech I, Desktop Tech II, Network Analyst, IT Coordinator, and now, as the Chief Information Officer. His responsibilities include planning, organizing and administering the overall operations of the Information Technology Department. He has many technology certifications including CompTIA A+, CompTIA Network+, CompTIA Security+, MCP, MCSA, MCSA:Security, MCSE, MCSE:Security, MCTS, and MCITP:Enterprise Administrator. He is also certified in Lean Six Sigma and has a Six Sigma Green Belt. He has years of experience in the telecommunications industry working for companies that include SBC, Nevada Bell, and BellSouth. Ed is actively involved with fellow CIO's from the Council for the Great City Schools, which is a group of the largest school districts across the country working together to find solutions using technology to enhance education.
