

## Is Your School Family Friendly?

### Would you like an Outsider's View?

## NO TIME to do the Family Friendly School's Assessment?

*Now more than ever we need to engage ALL parents in the education of their children. A friendly school is the first step to engaging parents.*

**What:** The WCSD Parent Involvement Council's Family Friendly Committee would like to help you! Our team will provide a walk-through of your school and create a **confidential report** with specific suggestions **you can use** to enhance your family friendly environment. These suggestions could also be used in your next SIP.

**When:** The teams are available for a site visit during the months of February and March.

**How:** Please contact the WCSD Parent Involvement Office, 353-5533 if you are interested or want more information, or email Ana Anderson [ananderson@washoe.k12.nv.us](mailto:ananderson@washoe.k12.nv.us) or D'Lisa Crain [dcrain@washoe.k12.nv.us](mailto:dcrain@washoe.k12.nv.us)

**Why:** Because family engagement contributes to student achievement and a friendly environment is one of the first steps.
