

Dear Parents,

I know it is early to start thinking about 7th grade and your child registering in a new school. However, Nevada has mandated a new vaccine requirement for kids entering 7th grade. Your child will need a Tdap booster shot before they can start 7th grade. This is mandatory and middle schools will enforce and exclude children who have not had this vaccine.

I will be sending out notices next year also, but with the two week break almost here, I thought it couldn't hurt to jump start this process. It is my hope that during the holiday break your child can get this vaccine. Please consider making an appointment with your child's family physician or taking them to a clinic to get this booster shot. If you can send in an updated immunization record after receiving this shot, I can update your child's health file.

If you have any questions, please feel free to contact me at 775-689-2530. Thank you and Happy Holidays!

Vikkey L. Downing, Clinical Aide
