

# Skills USA Club!!!

**President: TJ (Taylor) Hayes**  
**Vice President: Taylor Gradin**  
**Treasurer: Garret Mahone**

**Meets every B-Day at lunch in ROOM-136!!!**  
**Anyone is welcome!!!! So bring a friend!!!**

We discuss new ideas on designs and projects for the shop to renovate things such as the doors we have already made outside the shop gate. This club offers school scholarships and is also available for schools such as TMCC, AACT, UTI etc...

Being a member of this club also looks great on your resume for jobs that specialize in welding and sheet metal fabrication.

This club is a great chance to meet new people who share the same interests as you and can combine their experience with yours to learn more tips and techniques.
